To Whom It May Concern,

The Second Congregational Church, U.C.C. is pleased to announce that the John Andrews Outreach Fund will provide charitable grants totaling up to \$10,000 that will be awarded in November, 2018. Larger grants will be considered beginning in 2019.

John Andrews was a local single man who lived simply, saved his money and bequeathed half of his estate to our church. He and his family provided low income housing on their property in Damariscotta.

Responsibility for management and distribution of the remaining portion of the bequest has been given to the Board of Christian Outreach. We wish to provide grants to charitable non-profit organizations with preference given to those working to improve housing, elder care, literacy and social justice.

An application outline is provided and application proposals should be submitted by 1 PM on August 15, 2018 to the church office. The Board of Christian Outreach will meet with grant applicants, who will be expected to provide a presentation about their proposed project. We will process all applications and announce recipients by November, 2018. The grant recipients will be expected to complete their project by December 31, 2019 and provide progress reports and evidence of completion. We look forward to receiving your application.

Sincerely,
Board of Christian Outreach
Second Congregational Church, U.C.C.
